

TOO MANY WIVES

Is the Very Serious Charge that Confronts a Young Man.

HE ALSO HAS TOO MANY NAMES.

And will Have an Opportunity to Explain Matters when Wife No. 1 Comes to this City from Her Massachusetts Home—The Step Father of Wife No. 2 Cashed the Young Man's Arrest—Miller Alias Yonskanski Denies Everything.

Some time ago a young man of about thirty-five years of age arrived in the city from the east and made his home on the South Side. He gave his name as Adam Miller and posed as an unmarried man. For some time he has been working in the Riverside mills in upper Glenwood. From his accent and appearance many who became acquainted with the man believed him to be of foreign extraction, and the sequel of the story given below seems to confirm that belief. Miller became acquainted with the family of Frank Minges, who lives on Main street between Twenty-sixth and Twenty-seventh, opposite the Belmont mill. The attraction seems to have been Minges's step-daughter, Elaine Koskey, for on the last day of May of this year the ceremony that made the two man and wife, as the young woman and her friends believed, took place in this city.

Until quite recently everything appears to have prospered with Mr. and Mrs. Miller, but a day or two ago certain rumors in the east before he made his appearance in Wheeling, came to the ears of Mr. Minges and his step-daughter, who supposed herself the legal Miller.

The story was in effect that Miller, whose true name is said to be Yonskanski, left a legally wedded wife and children in a small Massachusetts town when he came to this town several months ago. A letter to Minges from Rosetta Yonskanski, who claims to be Miller's or Yonskanski's real wife, in which she tells of his desertion of her several months ago, naturally stirred up quite an excitement in "Polishtown."

The result was a warrant sworn out for Miller's or Yonskanski's arrest, which was served by Lieutenant Ingram, of the city police force, last evening. The man was taken before Justice Phillips, and committed to the county jail to await the arrival of Mrs. Yonskanski, who was telegraphed to last night to come to Wheeling at once. She is expected tomorrow, when a hearing will take place before the justice.

A friend of the alleged bigamist told Lieutenant Ingram that he had a "roll" containing about \$300 on his person, but when the officer searched the man no such amount was found.

It is said that there is a third wife who will possibly figure in the prosecution of Yonskanski or Miller for bigamy.

CIGARETTE DECISION

Which Conforms to a Collateral Expression of the Supreme Court.

ST. PAUL, Minn., July 23.—Circuit Judge Sanborn has decided the Iowa anti-cigarette law unconstitutional and ordered released on a writ of habeas corpus Donald C. McGregor, of Cedar Rapids, Iowa.

The law was passed by the Iowa legislature last winter and went into effect on July 4, 1893, and prohibited absolutely the manufacture or sale of cigarettes within the state, or their importation into the state. McGregor was arrested for importing cigarettes and selling them in the original packages, and an application for a writ of habeas corpus was made to Judge Sanborn.

The attorney for the petitioner rested their arguments on the decision of the supreme court of the United States in the famous prohibition case that went up from the same state some years ago, after the prohibition law was enacted there. That decision is to the effect that the federal constitution having delegated to Congress the power to regulate commerce between the several states, the legislature had no power to prohibit the importation of liquors into the state or their sale in the original packages by the importer.

Attorney General Remley argued that the legislature had power to prohibit the importation and sale of cigarettes and cited other authorities to sustain his view. Judge Sanborn followed the decision of the supreme court and granted the writ.

A Plan for Help.

WASHINGTON, D. C., July 23.—Governor Mitchell, of Florida, has appealed to the navy department for help in protecting his state against the introduction of smallpox from Cuba. Secretary Herbert has accordingly telegraphed instructions to Captain Crowninshield, of the Maine, now at Key West, to aid the local health authorities in the work of boarding steamers and passing upon bills of health. The Maine will not be kept at this work long as orders have been given to the cruiser Montgomery now at Tampa, Fla., to detach her crew to the Cuban coast and send her to Key West to take the Maine's place in looking after filibustering expeditions and enforcing observance of quarantine regulations. The Montgomery is expected to start south within forty-eight hours.

Killed by a Falling Dome.

CHICAGO, July 23.—By the falling of a portion of the interior dome of the old postoffice building at Clark, Adams, Jackson and Dearborn streets, this morning, one workman was instantly killed and another so seriously injured that his life is despaired of. The dead man is Nicholas Smith, and Elmer Stringer was terribly crushed by the tangled mass of iron and stone. An immense derrick was loaded with a weight of stone and was about to lower the dome into the building. A portion of the old dome on the Clark street side of the building on which the men were standing, fell in with a crash. Both men were buried in the mass.

Kentucky Republican League.

LEXINGTON, Ky., July 23.—The State League of Republican clubs met at 2 o'clock today in the Chautauqua Auditorium to select delegates to the convention of the National League at Milwaukee, about October 1, and to transact the usual annual business. Among those in attendance are Governor Bradley and other state officers from Frankfort; Judge Holt, Colonel A. A. Wood, Mr. Sterling, John Henry Wilson, Harboursville; W. K. Hampton, Baris, and S. R. Burnam. A meeting of the platform was held to-night.

Bicyclist Dead.

LONDON, July 23.—Arthur Linton, the Welsh champion bicyclist, is dead.

DISASTROUS FLOODS

Sweep the Little Kanawha Valley—Immense Loss to Timbermen. Special Dispatch to the Intelligencer. PARKERSBURG, W. Va., July 23.—The Little Kanawha river is raging. It is thirty-eight feet at Grantsville and twenty-one feet here. Logs are passing at the rate of 1,500 an hour.

Wilson & Sons' big boom gave away last night and the contents were swept into the Ohio. A raft struck the steamer Hilton and damaged her considerably. Coal barges and ties belonging to William Richardson went out.

J. S. Withers had 75,000 ties swept out. The loss to timbermen will reach \$50,000.

Northington creek did \$15,000 damage by sweeping over the fine farm lands in this city.

The Cooper oil field is entirely inundated by unparalleled rise of Carpenter's creek.

Business on the fourth division of the Baltimore & Ohio railroad is suspended to-night by the rise of side streams, a big washout, and the cave-in of a tunnel near Cairo.

Great damage is reported from all sections by the rise of the streams.

M'KINLEY SPEAKS

At Alliance to College Attendants and to Workingmen.

ALLIANCE, O., July 23.—Major McKinley to-day attended and took part in the celebration of the fifteenth anniversary of Mount Union College, of which he is one of the trustees, having come from Cleveland for that purpose. The principal address was delivered by Mr. McKinley. After paying a high compliment to Dr. Harshbarger, the president of the college, he touched upon the value of a college education. He said in part:

"Young men and young women, what your education will be and do for you depends upon yourselves. The chief difference in men, in school or out of school, is in the amount of work they do. No measure of genius, so-called, will take the place of well directed hard work. It is not so much what is in the course of studies at college which does you good, as it is what you master there. The mental discipline and the application of what you learn is the aim of the real education."

At the railway station, as Mr. McKinley was about to take the train for Cleveland, an assemblage of workingmen called for a speech. In response Mr. McKinley referred to the object of his visit to Alliance, and said: "All of us are interested in the welfare of our country because in the welfare of our country is involved the individual welfare of every citizen. If our great country is prosperous then the people are prosperous. What we all want—no matter to what political organization we may have belonged in the past—is a return to the good times of years ago. We want good prices and good wages, and when we have them we want them to be paid in good money. (Applause and cries of "You are right!") Whether our prices be high or whether they be low, whether our wages be good or whether they be bad, they are all the better by being paid in dollars worth 100 cents each. (Tremendous cheering.) If we have good wages they are better by being paid in good dollars. If we have poor wages they are made poorer by being paid in poor dollars. And, my fellow citizens, we want more than anything else to keep our money equal to that of the most enlightened nations on the earth, and maintain the credit and honor of the government of the United States. (Great applause.)

"We are the greatest country in the world—greatest in our freedom, greatest in our possibilities, greatest in our opportunities—and we are too great to taint our country's honor or to cast suspicion upon the credit or obligation of our government." (Applause.) Governor McKinley then returned to Cleveland.

Right You Are, Hanna.

CLEVELAND, O., July 23.—In an interview to-day Mr. M. A. Hanna says he will pay no attention to the charges that he is using money at the Populist convention to prevent the endorsement of Bryan.

"The people who say these things are beneath my notice," said Mr. Hanna.

The Last to Report.

MONONGAHELA IMPROVEMENT.

Report of Major Hoxie—The Matter of the New Harbor Lines.

WASHINGTON, D. C., July 23.—Major R. L. Hoxie, who has supervision over improvements on the Monongahela and Allegheny Rivers in West Virginia and Pennsylvania, has reported to the war department on progress made during the last year.

No work other than a survey of the site of a lock and dam No. 19 was done on the Monongahela.

There is but a general disposition on the part of the public to observe the new harbor lines in Pittsburgh harbor, but constant vigilance is necessary to maintain the rights of navigation along the forty miles of river front covered by the harbor lines. There is reason to fear, says the report, that the legality of the new lines may be questioned in some cases where they cut off from the riparian owners something of the area conceded by the old state lines.

Up to the present time the material interests of navigation have not been menaced by such claims. There was an unexpected balance of \$70,319 to be applied to the harbor.

REDU. E. RATES TO THE SEASHORE.

Popular Excursion via Baltimore & Ohio.

The Baltimore & Ohio Railroad will run another one of those delightful and popular excursions to Atlantic City, Cape May and Sea Isle City, Thursday, July 20, from Pittsburgh, Wheeling, Parkersburg, Lexington and intermediate points. The excellent train service and other arrangements that proved so satisfactory for the former excursions, will prevail.

The tickets will be good twelve days, and permit a stop off at Washington on the return trip.

We give below a list of stations in this vicinity, showing time of trains and rates of fare.

Round trip tickets from Wheeling and Pittsburgh, \$10.00.

Trains will leave:

Wheeling a. m. a. m. p. m. p. m.
Pittsburgh 12:15 1:15 2:45 3:45
Pittsburgh 8:00 9:00 10:30 11:30

Pullman Parlor Cars will be attached to the day train and Pullman Sleeping Cars to the night trains.

Tickets will also be sold from other stations at correspondingly low rates.

For more detailed information apply to nearest Baltimore & Ohio agent.

Running on Time.

As illustrating the degree of efficiency to which the present management of the Baltimore & Ohio Railroad has brought its motive power equipment and spirit de corps of the operating staff, we call attention to the fact that during the months of April, May and June the passenger trains and fast freight trains have almost invariably arrived at their respective destinations on schedule time. The very few exceptions to the general rule were due to causes inseparable from railway operation, and against which no forethought can wholly guard. It may be safely said that during the period named no road in America, comparable in magnitude to the Baltimore & Ohio, can surpass its record for punctuality in train movement.

MOONSVILLE

Miscellaneous Mixture of Minor Matters from Marshall's Metropolis.

Thomas Scott went to Delaware, O., to the bedside of his nephew, Lee McCartney, who is dangerously ill. A telegram was received by Mrs. Scott later announcing the death of the young man. He is the son of Mrs. McCartney, who will be remembered as visiting her brother, Mr. Scott, here last summer.

Arthur Zink, son of John Zink, of Wayman's place, whose serious illness has been noted heretofore, died Tuesday morning. He was about twenty-two years of age and a splendid young man.

County court is in session auditing the last year's work. The annual levies will be laid at this term of court. A vacancy as overseer of the poor for Washington district will also be filled.

THE King of Pills is Beecham's-BEECHAM'S.

IN the vicinity of Bequet, Westmoreland County, Pa., almost anyone can tell you how to cure a lame back or stiff neck. They dampen a piece of flannel with Chamberlain's Pain Balm and bind it on the affected parts and in one or two days the trouble has disappeared. This same treatment will promptly cure a pain in the side or chest. Mr. E. M. Frye, a prominent merchant of Bequet, speaks very highly of Pain Balm, and his recommendations have had much to do with making it popular there.
